

**Momentous
“A Precessional”**

Choir I

Here we are now.
Let this moment be.

Choir II

Let this moment be.

Choirs I and II

Let this moment be
anew,
a new ending.

Choir I

Look to the past
as if to the future -
Time to recover, uncover
an inkling of understanding.

Look to the past
Look at the vibrant past -
Time to perceive the majestic dominion
of our creation.

Choirs I and II Sopranos

We know this moment belongs
to us.

Choir I and II Basses

We know this moment belongs
to God. *

Choirs I and II

Surely this moment
belongs to all.

Choir II

Here we are now.
Let this moment be.

Choirs I

Let this moment be.

Choirs I and II

Let this moment be -
begin
an old beginning.

Choir II

Look to the future
as if to the vibrant past -

Time to discover, uncover
an inkling of understanding.

**Look to the future.
Look at the shimmering future.
Time to perceive the majestic dominion
of our creation.**

Choirs I and II Sopranos

**We know this moment
belongs to us.**

Choirs I and II Basses

**We know this moment
belongs to God.***

Choir II

**Surely this moment
belongs to all.**

Choir I

Look to the past

Choir II

and look to the future,

Choirs I and II

**vibrant and shimmering
future and past.**

Choirs I and II

**Time to discover, recover, uncover
an inkling of understanding.**

**Time to perceive the majestic dominion
of our creation.**

Choirs I and II

Here we are now.

Let this moment be.

(brief moment of silence)

**Surely, this moment belongs
to us , to God,* to all.**
